## GFA – FERPA Notice for Directory Information

Family Educational Rights and Privacy Act (FERPA): Notice for Directory Information

[Note: Per 34 C.F.R. § 99.37(d), a school or school district may adopt a limited directory information policy. If a school or school district does so, the directory information notice to parents and eligible students must specify the parties who may receive directory information and/or the purposes for which directory information may be disclosed.]

The Family Educational Rights and Privacy Act (FERPA), a Federal law, requires that Good Foundations Academy (GFA), with certain exceptions, obtain your written consent prior to the disclosure of personally identifiable information from your child's education records. However, GFA may disclose appropriately designated "directory information" without written consent, unless you have advised GFA to the contrary in accordance with GFA procedures. The primary purpose of directory information is to allow GFA to include information from your child's education records in certain school publications. Examples include:

- A playbill, showing your student's role in a drama production;
- Honor roll or other recognition lists; and
- The annual yearbook;
- Graduation programs.

Directory information, which is information that is generally not considered harmful or an invasion of privacy if released, can also be disclosed to outside organizations without a parent's prior written consent. Outside organizations include, but are not limited to, companies that publish yearbooks. In addition, two federal laws require local educational agencies (LEAs) receiving assistance under the Elementary and Secondary Education Act of 1965, as amended (ESEA) to provide military recruiters, upon request, with the following information – names, addresses and telephone listings – unless parents have advised the LEA that they do not want their student's information disclosed without their prior written consent. [Note: These laws are Section 9528 of the ESEA (20 U.S.C. § 7908) and 10 U.S.C. § 503(c).]

If you do not want GFA to disclose any or all of the types of information designated below as directory information from your child's education records without your prior written consent, you must notify GFA in writing by October 1, of the current school year. GFA has designated the following information as directory information:

[Note: an LEA may, but does not have to, include all the information listed below.]

- Student's name
- Address
- Telephone listing
- E-mail address
- Photograph
- Date and place of birth
- Dates of attendance
- Grade level
- Participation in officially recognized activities and sports
- Degrees, honors, and awards received
- Student ID number, user ID, or other unique personal identifier used to communicate in electronic systems but only if the identifier cannot be used to gain access to education records except when used in conjunction with one or more factors that authenticate the user's identity, such as a PIN, password, or other factor known or possessed only by the authorized user
- A student ID number or other unique personal identifier that is displayed on a student ID badge, but only if the identifier cannot be used to gain access to education records except when used in conjunction with one or more factors that authenticate the user's identity, such as a PIN, password, or other factor known or possessed only by the authorized user.
